

JULY 4, 1958—and instead of ships and fortresses to guard our shores there are missile bases scattered about the country to protect our cities and industrial areas against possible air attack. This missile, which is mounted at the Orland Park NIKE base, looks well in a Fourth of July picture—it looks like a giant skyrocket. (Marvin Smith photo)

Establish Poison Control Center

A poison control center has been established in Joliet by the Will county health department, it was announced today by Dr. Felix A. Tornabene, will county health officer.

The heart of the poison control center is a complete cross index of all known poisons, their antidotes, and the commercial preparations that contain them. This center will have a listing of approximate 16,000 poisonous substances so that a

physician may determine the poison involved and administer the proper treatment.

There have been established two operating stations in Joliet, one at St. Joseph's hospital and one at Silver Cross. This will enable Will county residents, thru the family physician, access to the poison control center 24 hours a day, every day of the year.

Dr. Tornabene stressed the point that we must prevent

poisoning of children by careful handling and storage of all poisonous substances.

In spite of the fact that this center has just been opened, it already has helped determine the poison swallowed by two children this week.

Dr. Tornabene wished to thank both of our Joliet hospitals for their wholehearted cooperation in the establishment of this poison control center.

Jury Fixes Values for Land and Easements at Orland NIKE Base

(CNS) U. S. Senator Everett McKinley Dirksen announced this week that the army engineers have awarded a contract to the Mayfair Construction company, 7901 S. Springfield avenue totaling \$1,879,800 for converting the Nike Ajax installations at Homewood, Argonne National Laboratories, and Addison, to the more advanced Nike Hercules guided missile.

Meanwhile a jury before U. S. District Judge Walter J. LaBuy last Thursday awarded \$12,700 to owners of two pieces of property at the Orland Park Nike installation, extending in a southeasterly direction from 153rd street and the Wabash Railroad tracks to Route 45 (96th avenue).

The jury awarded \$7,000 for an easement covering 23.57 acres in the long upper arm of the site to Charles H. and Elsie

Cooper, Beacon street, Orland Park, Stanley Cooper, and Victor Cooper. This was a "line of sight" easement permitting cutting to ground level all trees and shrubbery and prohibiting buildings.

To Clifford and Louise Raschke, 151st and 88th avenue, Orland Park, two awards were made: \$2,300 for the outright taking of 16.08 acres near Route 45, and \$3,400 for an easement on an adjoining 6.72 acres for a "safety area" under which no human habitation or gatherings of over 25 people are permitted.

The suit condemns a total of 117,749 acres for outright taking or various types of easement. The principal additional defendant in the Oak Park National Bank, as trustee. Defendants were represented by the law firm of Giachini, Ley, and Cross.

Wabash Seeks Increase in Fares Between Orland Pk. and Chicago

Orland Park residents who use the Wabash to travel to and from Chicago will find that it will cost more after Aug. 1, if the fare increase sought by the road is granted by the Illinois commerce commission.

The road is asking for permission to increase the one-way coach fare between all stations from Chicago to Orland Park from 2.75¢ to 3.6¢, with a minimum of 30 cents instead of the present 25¢.

The 46 and 54-ride commuter tickets would be discontinued. In their place the road proposes to issue 10 and 25-ride multiple bearer tickets.

The Wabash points out that this is the first time it has asked for a fare increase since 1949. If the proposed increase is granted the road will still be operating at a loss on its commuter service its officials claim, but the raise would reduce it some.

There are two trains in from Orland to Chicago in the morning, one from Decatur that is due at Orland at 6:49 daylight time and arrives in the city at 7:50, and the other, from St. Louis, that is due at Orland at 7:05 and arrives at Chicago 8:10. There is only one train back in the evening, however. It leaves Chicago at 5:40 and is due at Orland at 6:32.

Mokena Board Adopts Ordinances, Issues Permits for Medical Clinic

Raymond Bisgrove, assistant to Mokena's civil defense director, Anthony Dina, planned to visit Springfield yesterday to bid on articles useful to the village and which can be bought at a greatly reduced rate thru civil defense. A recent purchase, he reported to the board of trustees at Tuesday's meeting was an 18 drawer filing cabinet.

The board agreed to issuing a building permit to Charles Burkhardt for a medical clinic to be operated by Dr. P. T. Demus. Ground for the new building which will be for professional use only was expected to be broken yesterday. The board has taken the proper legal steps for its erection by adopting a special zoning ordinance at Tuesday's meeting.

Plans are to reserve an area of 50 x 100 feet on the north side of the building for parking. A driveway for emergency use will be installed in the front of the building, which will face west.

The sewer installations now underway was the main topic of discussion at the meeting.

The board adopted an ordinance covering the requirements for sewer hookup on individual homes and specifications for the tile.

There will be a tap-in fee of \$100 for domestic use of sewers and \$200 for commercial use. The same amount

will be charged for water use. The ordinance also covers cost and requirements for homeowners.

During installation of sewer tile on Front st., carowners are requested not to park on the street when work is being done.

Bryon Nelson approached the board as to their opinion on annexing the section along Wolf rd. on the west side, beginning at 159th st. The board expressed the people in the area will be given an opportunity to come in on the sewer proposition at the same cost as Mokena citizens and approved of the annexation if any desire it. It would benefit property owners now to annex to the village, it was pointed out.

Durward Fant was re-appointed village treasurer for one year at the same salary.

The board adopted the appropriation ordinance.

Village President James Marti issued a request that owners of empty lots be notified to cut down all weeds during the season of hay fever.

A hearing will be held before the Illinois Commerce Commission on the request of the Rock Island Railroad who wish to consolidate and discontinue certain trains on the road, trustees learned.

The hearing will be held at 10 a.m. July 30.

Change Pastors At New Lenox

The Rev. George Martin, who has been pastor of the New Lenox Methodist church for the past 24 years, has received an appointment to the pastorate of the McHenry Community Methodist church. His appointment was made at the Methodist Conference held in Aurora last week.

The pastor and his family were honored at a farewell party held in the church Tuesday. They will leave New Lenox next week for McHenry.

The new addition to the church was constructed during his stay here.

Succeeding him will be the Rev. Alfred H. Hunter of Walnut, Ill., who with his family will move into the parsonage some time next week.

Thieves Carry Off Mower, and Tools

A thief or thieves broke into the garage on the Frank Powers farm at 175th st. and 104th ave., Orland township and carted off some tools, poultry feeders and a reel type lawnmower valued at more than \$100.

The theft occurred sometime between last Thursday night and Tuesday afternoon. The Powers family resides in Chicago but someone comes out to the place in Orland township every few days.

It was when Mr. Powers came out Tuesday afternoon that he discovered the garage door had been forced and the various articles stolen. The tools taken were mostly socket wrenches and the lawnmower was a Gold Bond. It had a defective carburetor. Some heavy fence wire also was taken.

Dr. W. Hedges Marks Fiftieth Anniversary

A mastoid and a meeting between Dr. Joseph Stearn and a young intern at Chicago Memorial hospital were factors that proved to be of inestimable worth to Frankfort and the surrounding countryside.

The young intern was Dr. Walter V. Hedges, fresh from Hahnemann medical college, from where he graduated in 1907. The mastoid was also his and the day he was talking to Dr. Stearn was during his convalescence. His year as an intern was drawing to a close and he was thinking about opening his own office.

Still weak and not fully recovered the thought of the peace and quiet of the country seemed more attractive at the moment than the noise and bustle of the city.

The young doctor was talking along this line to Dr. Stearn and the latter advised the country as the scene for his future endeavors. What is more, Dr. Stearn, who was a specialist and a noted figure in medical circles, urged that he come to Frankfort.

Dr. Stearn was a native of Frankfort, he disclosed, and he recommended it highly.

Dr. Hedges followed his advice, but with a mental reservation. He came out to Frankfort and set up shop but he didn't think that his stay would be anything but temporary. When he fully recovered from his mastoid Dr. Hedges intended to take himself to the city.

It was 50 years ago, July 5, 1908 when Dr. Hedges came to Frankfort to begin the practice of medicine. And he has been here ever since. He was born Jan. 19, 1884 in Fairbault, Minn., where he graduated (Continued to page 5)

Frankfort, Orland Park, Marley Plan Programs

Celebration of the Fourth of July is planned in three communities of the area. It will be the nation's 182nd birthday.

The American Legion will sponsor programs in two of the places, Orland Park and Frankfort and at Marley it has become a sort of

spontaneous affair in which all of the residents participate.

All plans have been completed and now it is up to the weatherman to determine if they are carried out. Clear skies and a warm sun are traditional for the Fourth.

Marley

Marley will celebrate the Fourth of July tomorrow in the same manner it has greeted the nation's birthday for the past 182 years. A picnic, fried chicken and oratory.

This mode of celebration has almost vanished from the American scene. The advent of the automobile was the beginning of the end of community affairs when people were drawn together more or less out of proximity. But it was really the coming of paved highways linking up states and regions that finished off the old type celebration of the Fourth of July in most areas.

Paved roads and fast cars now lure thousands to lakes, streams and resorts for summer week-ends and the Fourth of July is no exception. In this day when one travels hundreds of miles in a single day, and so many people apparently are striving to run away from tensions and strains, the leisurely, neighborly gatherings that marked the (Continued to page 5)

Frankfort

Bobzin-Swinford post, No. 1098, American Legion, of Frankfort, has planned what it hopes will become an annual event—a Homecoming that will also mark the celebration of the Fourth.

There will be three days, beginning tomorrow, July 4, with the program concluding Sunday night.

The Frankfort village park will be the scene of festivities, with rides for the children, booths housing games of skill, and other attractions. The program will begin at 3 p.m. on each of the three days.

The main event on the Fourth, of course, will be the fireworks display, scheduled to begin about 9:30 o'clock following the softball game in the evening.

Proceeds from the affair will be placed in the Legion's Veterans' Memorial Fund, it was announced by Post Commander Daniel W. Hecht.

A children's parade is scheduled to begin at 3 o'clock Saturday afternoon and that will be the big event on the second day's program. The (Continued to page 5)

Orland Park

A parade with marching bands and fireworks are major items on the Fourth of July celebration at Orland Park this year.

The Orland Park post of the American Legion is sponsoring the program tomorrow in conjunction with the dedication of its new hall on 143rd street, east of U. S. 45.

Baseball games are also a part of the affair with Police league teams from Tinley Park and Orland Park meeting at 4 p.m.

Free ice cream and pop for the youngsters will be furnished by the Legion.

Coy Baumgartner, commander of the 8th district, will be the speaker at the dedication ceremonies which are to take place following the parade.

There will be dancing in the evening.

All residents of Orland Park and nearby communities are invited to attend the celebration.

The parade, according to those in charge, is scheduled to move off at 1 o'clock from (Continued to page 5)

PREPARE FOR PARADE at Frankfort. The children's parade to be held Saturday in conjunction with the homecoming sponsored by the American Legion post at Frankfort will carry no portable stockade or western fort (the glimpse shown here is in their own backyard) but marshals, outlaws, cowgirls and just plain cowpokes and settlers probably will be in good supply per sample here. Allen Seeman, who is peering over the top of the stockade looks more like he stepped out of the pages of Treasure Island as Jim Hawkins rather than a character from the Old West. Those on the ground (l to r) are Kevin, Robert, Cindy and Todd Carroll. (Robert Porter photo)

Harvey Chapter, Women of the Moose, Installs New Officers

Harvey chapter, No. 811, Women of the Moose, installed officers last Saturday night, June 28. It was the first installation ceremony held in the new Moose temple at Harvey.

Two of the committee chairmen named are from Tinley Park, Jessie Hein, news staff and Delores Senecal, child care.

The outgoing senior regent,

Mrs. Dascenzi, was presented with a matching set of luggage from the chapter. She gave the chapter an ivory gavel.

Members of the college of regents were the installing officers. Harvey Moose Teenage club president Dennis LaBue, Harvey, and Patricia Dennison, of South Holland, club treasurer, represented that body in presenting a large oil painting of "The 9 o'clock Ceremony" which will be hung in the new Moose home. It was accepted by Mrs. Dascenzi and Gust Miller, governor of Harvey lodge.

Alva Brauconi, Robert Flassig Say Vows at St. Agnes Church

Miss Alva Branconi became the bride of Robert Flassig, Jr. of Frankfort at 4 o'clock Sunday afternoon June 15 in the St. Agnes church, Chicago Heights.

The Rev. Patrick Kearney officiated at the double ring ceremony which united the daughter of Mr. Frank Branconi and the son of Mr. and Mrs. Robert C. Flassig of Frankfort.

Appropriate selections were played by organist, Mrs. Lupien.

The church was decorated with yellow and white gladioli and roses.

Given in marriage by her father, the bride wore a gown of imported rose point lace with wing collar and long lace sleeves. The full lace skirt was trimmed with sequins and tiny pearls. The fingertip imported silk illusion veil fell from a crown of matching lace. She carried a bouquet of stephanotis and orchids.

Miss Anne Scresce, cousin of the bride, was maid of honor. Her gown was powder blue silk sheath with peplum overskirt, portrait neckline and of cocktail length. Her headpiece was a matching crown with blushed veil. She carried a crescent of yellow gladioli.

Attending the groom was Frank Michorski of Chicago Heights.

The bride's brother served as usher.

The bride's aunt, with whom the bride made her home, wore an aqua summer suit with orchid corsage.

The groom's mother wore a blue lace dress and orchid corsage.

A reception was held at Lincoln Heights restaurant in Chicago Heights where dinner was served to friends and relatives.

A bridal cake was the centerpiece on the bridal table.

The newlyweds spent a honeymoon in the southern states.

They will make their home in Frankfort.

Both are graduates of Bloom Township High school in Chicago Heights.

A total of 791 Illinois dairy herds produced an average of 400 or more pounds of butterfat in 1957. Each of these herds received National Honor Roll Certificates from the Purebred Dairy Cattle Association.

Trust in the Lord, and do good; so shalt thou dwell in the land, and verily thou shalt be fed.—(Psalm 37, 3.)

Those who really trust in God's love and wisdom, His kindness and mercy, are spared the fearful worry and anxiety that agonize and shorten the lives of so many of us. In love and in obedience to His will, they do the very best they can each day, and leave the results to Him.

85 Memebers at District Meet of Home Bureau

Attending the District meeting and cookout at Highland Park, in Joliet, on June 26, were 85 members of the Joliet, New Lenox, Homer Larn and Do, and the Joliet Lockport night units of the Will County Home Bureau.

The outdoor cooking lesson was given by Miss Mary Chez. The Homer-Lockport unit's were hostesses.

The next meeting of the Home Bureau will be held July 24 in the Lions Den on south Cedar rd., New Lenox.

Mrs. Ernest Rydberg, Mrs. Ivan Archibald, Mrs. Ben Martin, Mrs. Inez Gougar, and Mrs. George Close will be hostesses.

At this meeting the 4H girls will demonstrate clothing and Mrs. Ben Martin will present the lesson on Control of Over weight Thru Diet.

Legion Auxiliary Holds Annual Birthday Party

Tinley Tigers Beat Mascots 8 to 7

Will Play Orland Park Tomorrow Afternoon; Meet Robbins Sunday

Tinley Park, Matteson and Midlothian entries in the South Suburban Police league all registered victories in circuit contests Sunday to hold their places at the top of the standings. Tinley and Matteson have each won three games and Midlothian four as against no defeats.

That Tinley kept its win string intact is testimony to its staying powers. The Tigers tangles with the Markham Rockets Sunday on the Markham diamond and after a late start the game ran for three hours and 15 minutes before the last out was chalked up and the Tigers were on top of an 8 to 7 score.

The Rockets arrived at the field at 2:25, five minutes before forfeit time and the game got under way at 2:30. Tinley's regular third baseman, Jerry Romanerghi, suffered an eye injury in the first inning and had to be taken out.

And while Iron Man Bressi counted his third mound victory, a fishing expedition on the Fox river that kept him up all Friday night may have accounted for the fact that he had a bit of control trouble and issued 11 walks in the course of the long afternoon.

Both teams were given to erratic play. The Tigers had the bases loaded in the first inning and they were that way when the frame ended, except that they did get one run in.

In their half of the inning the Rockets scored three runs on four walks and some miscues to lead 3 to 1.

The Tigers came back in the third to go ahead 4 to 3 on a walk by Schroeder and consecutive singles by Koning and Gallagher. A sacrifice fly by Klepper brought in one run and two more came in on a double by Big Jim Miller.

The Rockets had an even bigger third inning. Although able to rap out only one single they made four runs. Some passes and a hit batsman all contributed to fatten their account in the run column. As it turned out that was the end of the road for the host team.

The Tinleys, however, went to work and in the fourth added a run when Terry Schroeder drove in Coley, who had walked. Bressi beat out a bunt, but was cut down when he tried to steal home.

He rectified this in the last inning, however, when he laid down a perfect but that scored two runs. There were two outs when this occurred. There were two outs in fact when Klepper reached first on a bobbie by the Rockets' third sacker, Paul Schuldt.

Lashed out a long hit to score Klepper, Haehnlein drew a pass and Coley was hit by a pitched ball to load the bases. Then came Bressi's but that brought in two runs, the last one the winning run.

This week the Tigers will play Orland Park tomorrow, July 4, and on Sunday, July 6, the Tinleys will be hosts to the Robbins Mascots.

The game at Orland Park tomorrow is billed as a part of the Fourth of July celebration sponsored in that community by the American Legion.

The Tigers have been invited to march in the parade, which is at 1:30 o'clock. Game time is 4 o'clock. The field is located at 151st and West ave., Orland Park.

The Tinley-Robbins game is scheduled for 2 p.m. Sunday on Memorial park diamond at Tinley Park.

If the Tigers win the game with the Mascots Sunday, Bill Dermody, of the Tinley Park Dinette is to spring with all the root beer the Tigers can drink, he announced. On the other hand, if they lose, all they rate is water.

Not only are farmers becoming a minority in total population, but they are also a minority in rural population, since more non-farmers than farmers live in the open country.

Handicapped Kids Benefit Thru Golfers

"Golf Circle Days" at south suburban courses yielded \$1,424 for the benefit of handicapped children of the area, it is announced by the Council for Handicapped Children, sponsor of the event.

Proceeds will finance scholarships to train special education teachers and help buy equipment for special education programs in the area.

"We are very gratified with the return, which was about double that of last year in our first effort," said Charles Ten-Brock, Council president. "We hope that at least three more teachers can be recruited for needed programs which are now lacking."

Golfers at the following seven clubs and 10 courses took part in the "Golf Circle Days", held Saturday and Sunday, June 21 and 22:

Cherry Hills, Glen Eagles (two courses), Olympia Fields Country Club, Chicago Heights Country Club, Lincolnshire Country Club (two courses), Longwood and Shady Lawn.

In addition, there were contributions from Joe Jemsek of the Cog Hill and Glenwood Golf Clubs, the board of governors of Ravisloe Country Club, and Marty Walsh of Hickory Hills Golf Club.

Participating golfers made donations at a selected Par 3 hole and had the chance to win a new golf ball for hitting a tee shot within a circle on the green.

Some 80 volunteers from 10 south suburban organizations helped conduct the event.

In addition to enjoying the game, the patients like riding through sections of the city many knew intimately before they entered the hospital. Their next trip is July 23, and they are scheduled to go again on July 31, and August 14.

In late May recreation directors gathered two bus loads of patients for a ride on the new skyway.

Oak Forest Hospital's Staff Softball Team is looking for games with teams in the surrounding area. They will travel, or play visiting teams at their field on the hospital grounds, 159th and Cicero.

Interested clubs should contact Walter Dohl or Perry Latham, in the hospital's recreation office, FU 8-2360, or WA 8-4200.

Novice Canine Class to Get Diplomas July 7

July 7 promises to be an exciting evening as members of the Regional Training Club's novice obedience training class will match their skills as canine handlers and each dog will be awarded ribbons and trophies as well as diplomas.

An additional feature of the evening is a demonstration given by the advanced class which involves such activities as the broad jump, high jump, retrieving and scent discrimination in which the dog must select from the group of articles before him that which his handler has handled last.

Another feature is the silent command in which the dog must work entirely by hand signals given by his master. The dogs never get confused on the commands and are a thrill to watch.

All dog owners and non-dog owners are invited to the graduation and demonstration and please feel free to pick up an application for the next class which will begin on the 15th. The location is 160th and Bremen Highway, Markham, in the Markham Lions club house, at 8 p.m.

For more details call FUJ-ton 5-7097 or write Mrs. Edna Stenhouse at 14551 Central Park ave., Midlothian.

4-H Physical Fitness Field Day Set for July 16 at Sandburg

Two expert physical training specialists will be in Cook County for 4-H keeping-fit field day on July 16.

Ass't Farm Adviser William Whiteside says the two are Charles M. Tipton and Richard Berger, both graduate students at the University of Illinois school of physical education.

Keeping-fit field day is at Carl Sandburg high school, scheduled to start at 9 o'clock 131st street and route 45.

Both men are highly qualified by study and experience in physical fitness and health. Tipton has helped to conduct 4-H tests during the four summers previous to this year. A physical education teacher, he has spent the past two years at the University Rehabilitation Laboratory reconditioning paraplegics and polio patients.

Berger has been active in youth groups, youth camps and as a coach for weight lifters. He recently won the National Inter-collegiate weight-lifting championship in his weight class. He has studied the physiology of exercise and at present is a research assistant in physical education at the University. Both men are working toward their doctor's degrees.

During the field day, these men will test the physical fitness of 4-H members and then instruct them in methods to improve their scores. The health H is an important and often neglected part of the

Tattersall Seeks Second Feature Win

Bob Tattersall, Streator veteran who is getting a late start this season, will attempt to be the first driver of the year to win two straight feature races when the midget autos compete Saturday night at Joliet Memorial Stadium.

Tattersall was touring the eastern racing circuit when the Joliet season opened. But last week-end, on his second week back, captured the season's first 50-lap main event. Tattersall's victory tied him with Willie Wildhaber of Lexington, Ill., as the track's long-distance champion. Each has won three since 1956.

The Memorial stadium oval drew a record crowd last week-end, when more than 7,000 fans attended.

Thus far the track hasn't had a repeat winner in the 1958 season. Besides Tattersall, feature victories have gone to Walt Wineke of Libertyville, Dom Dellegrazie of Evanston, Johnny Meyers of Chicago, and Wildhaber.

Challenging the leaders this week will be such newcomers as Dick Ritchie of Cedar McHenry and Ken Wines of Indianapolis, Ind. Also seeking initial feature victories are veterans Bernie Wilhelm and Sam Robinson of Joliet; Newt White and Ray Elliott, Lockport; Bob Chapman, Aurora, and Paul Kerber, Elgin.

Saturday's program will include four heat races, a handicap, 15 lap semifinale and 25 lap feature. Time trials start at 7:30 p.m. and the first race at 8:30 p.m.

More dairy cows are enrolled in record-keeping programs in Illinois now than ever before. On Jan. 1, 1958, 66,456 cows were enrolled—about 8.8 per cent of all dairy cows in the state.

Keep Alive the Fourth of July

Our nation will celebrate its 182nd birthday tomorrow.

It was on July 4, 1776 that the Continental Congress, representing the 13 colonies, adopted the Declaration of Independence that cut us free from British bonds.

We have been celebrating the event ever since and while the ways have differed there has been one result that has been constant—injury and loss of life among the celebrants.

For many, many years the celebration of the Fourth was accompanied by fireworks that never failed to take a heavy toll. Thousands have been killed and more thousands injured, many of whom were blinded. Property losses thru fires set off by fireworks has run into the millions.

There are many states where fireworks and firecrackers are still permitted and doubtless the news wire services will be carrying stories from such places Saturday that tell of this person badly burned, that person killed or maimed by a fireworks blast.

In Illinois the sale and use of fireworks is banned. The only fireworks displays permitted are those sponsored by organizations and supervised by persons trained for the task. There is considerable bootlegging of fireworks, however, so no doubt Saturday's news will carry items concerning Illinois casualties too.

While gunpowder has killed or disabled a vast number of people in the course of celebrating the Fourth of July and probably will continue to do so for many years to come, it is smalltime stuff indeed when compared with the automobile.

Now there is a killer for you that does things in a big way.

In the Revolutionary War in which this nation was born, battle deaths, including 342 in the navy and 49 in the Marines Corps, totaled 4,435. The number of men wounded, but not fatally, was 6,188. The number of persons injured by automobiles in a month will far exceed that figure.

Before this year is ended the experts figure that more than 40,000 people will die as a

result of automobile "accidents." This is almost four times the number killed in battle in four of the major U. C. wars, the Revolution, the War of 1812, the Mexican and the Spanish-War. Battle deaths in World War I totaled 53,403. A few more years and the auto deaths will catch up to that figure.

Most of us want to be good drivers. Most of us are endowed with common sense. Most of us are law abiding. Most of us have no desire to hurt ourselves or our neighbors but when we get in an automobile—Brother!

Everyone who has driven a car remembers near misses. The casualties stem from those that didn't miss. Maybe we are tired. Maybe we started too late but whether we started late or early most of us drive too fast. We get burned up by the rudeness of another driver. We take a chance in passing. Some drivers apparently are under the impression they are the only ones on the road and drive accordingly. Maybe we think a couple of drinks won't do any harm. Or due to any one of a hundred distractions we let our attention wander from the highway for an instant beyond recall.

The National Safety Council estimates more than 45 million cars will be on the highways over the Fourth of July holiday. If you should be one of them just remember this—the only difference between a good driver and a dead driver is one mistake.

Carelessness on the highway is not the only shortcut to an emblem's table. Carelessness at the beach, pool or swimming hole is another prime source of revenue for the undertaker at this time of year.

Statisticians figure there will be 6,200 drownings in the nation this summer and the Fourth of July holiday can always be counted on to give this type of toll a good start.

Of course, the safest thing would be to remain within the confines of your habitat and do your bathing in a tub, but if you can't stay home—be careful!

Mokena Indians Will Appear in July 4th Parade at Blue Island

There will be two parades, hot dogs, tennis matches, drum and bugle corps drill exhibitions, baseball and finally to cap it all a huge hour and a half free fireworks program in Blue Island July 4th.

The celebration opens at 1 p.m. with the junior parade and the closing events at the high school stadium start at 7 p.m.

This free celebration is sponsored for the 12th year by the Blue Island Lions club. James P. Rigoni is general chairman this year. Dr. Carl J. Kinnell is junior parade chairman and Lloyd C. Holmlin is senior parade chairman.

Mayor John M. Hart is not only co-chairman but he headed a division of the \$6,000 fund raising committee. Contributors to the July 4th celebration fund wear a special souvenir button.

Refreshments will be provided by 15 Scout, Cub and Explorer units under the direction of Irwin Staeker for their camping fund.

Some of the leading drum and bugle corps of the metropolitan area will parade in three suburban Fourth of July celebrations this year including the one at Harvey at 10 a.m., at Blue Island at 1 p.m., and at Dolton at 3 p.m.

There will also be an interchange of some units from the Alsip parade at 10:30 a.m.

The Black Hawk Drum and Bugle corps and the Lancers, two outfits both sponsored by the Kankakee Legion Post No. 85, and the Robbins Drum and Bugle corps will parade in Harvey, Blue Island and Dolton.

The Horace Mann high school band is coming both to Harvey and Blue Island as is the Windy City Cadets sponsored by Austin V.F.W. Post No. 2955.

Also parading in Blue Island is the Blue Island Junior high school band, the St. Dennis school band of Lockport and the Giles Yellow Jackets and the Mokena Indians. The former is sponsored by the George L. Giles Legion Post of Chicago and the latter by the Wm. Martin Post 725, V.F.W. of Mokena.

Half the unmarried undergraduate men students and nearly one-third of unmarried women students in University of Illinois are making their way through college with no financial help from their families.

In Memoriam

BEAGLEY, Arthur W. In loving memory of our dear husband, father and grandfather who passed away two years ago July 2, 1956.

What would we give his hand to clasp,

His patient face to see,
To hear his voice, to see him smile,

As in the days that used to be,
But some sweet day we'll meet again

Beyond this toil and strife
And clasp each other's hand once more,

In Heaven, that happy life and faraway shore.

MRS. ARTHUR W. BEAGLEY, CHILDREN and GRAND-CHILDREN
Orland Park

HENTSCH, FRED.—In loving memory of my husband our father and grandfather, who passed away two years ago today, July 3, 1956.

From this world of pain and sorrow,
To the land of Peace and rest,

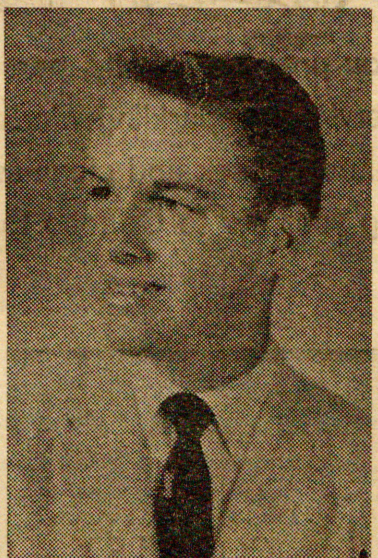

God has taken you dearly loved one,
Where you have found eternal rest.

Your loving wife,
Children and grandchildren.

where he will major in chemical engineering. The scholarship carries a grant of \$504 a year.

A graduate of Lincoln-Way High school, he was also offered a scholarship to the University of Illinois.

The benefit dance for Ronald Nelson held June 21, netted a profit of \$500. A check for this amount was presented to Ron at the July 2 meeting of the Teen club, which sponsored the dance.

Ronald, who is 19, had his left arm caught in a cement mixer recently while at work and has been unemployed for some time.

Music for the dance was supplied by the Teen Tones, a band composed of members of the Teen club.

A prize of a \$25. bond was awarded to Wally Edwards of Mokena.

The Teen club has expressed their appreciation to the merchants and all who helped to make this affair such a success. The tickets were donated by George Haehnlein, and the VFW donated the use of the hall.

The public grade school Band Boosters candy sale last Saturday netted them \$115. Candy will be on sale this Saturday at the Post Office for anyone wishing to purchase more. Also orders are being taken by calling either Mokena 4813 or 2651. The club wishes to thank everyone who purchased candy and made their day a success.

WILL CELEBRATE FOURTH—

(Continued from page 1)

MARLEY—

past have been forgotten. Not at Marley, however, Marley people are still celebrating the Fourth as Marley people did in the previous century. Picnic tables in Haley park, next to the church, will be occupied by friends and neighbors. The only difference between today's celebration and those of some years ago, is that families do not have to prepare picnic dinners. They may be obtained at the picnic grounds, prepared by women of the community.

Festivities will begin at 11 o'clock and continue thru the afternoon.

A program is to be given at 1:30 and Paul G. McKeown, a Joliet attorney, is to speak. At 2:30 there will be races and games.

If there is rain the dinner and program will be held in the church dining hall.

It is expected that the Marley celebration will attract a number of visitors, including, of course, many former residents. In a way the celebration of the Fourth also serve as a time for homecoming by persons who formerly lived in the area.

FRANKFORT—

parade is to form at the Frankfort grade school grounds and will end at the park.

Ten trophies will be awarded to the 10 outstanding entries, Commander Hecht said. The awards will be made by the judges following the parade. Historical and patriotic themes will receive the greatest consideration by the judges, it was said.

On Sunday evening the Legion post will conduct a flag burning ceremony. This will take place about 9:30, following the finals of the softball tournament.

The flag burning ceremony is to be conducted that the post may dispose of the old flags that they have replaced in five churches in the area. The Methodist, St. Peter's and the Church of the Good Shepherd (Lutheran Mo. Synod) at Frankfort, St. Anthony's Roman Catholic church and Calvary Baptist at Lincoln Estates.

Flags are never thrown away. The correct procedure in disposing of the national emblem is to consign it to flames, with proper ceremony.

Any persons in the area who have old flags which they would like to dispose of may bring them to ceremony Sunday night or make arrangements in advance by getting in touch with Commander Hecht. His telephone number is Frankfort 3031.

ORLAND PARK—

West ave. and 143rd st. It will proceed directly to the new Legion hall, which is a block east of U. S. 45. The mayor and members of the village board will ride in the parade.

There will be 15 floats in the parade, including one from the NIKE base at Orland Park and three bands. Two of the bands will be from high schools, Carl Sandburg, of Orland Park, and Lincoln-Way at New Lenox. The third band has been employed by a group of business men who have entered a float in the parade.

Eight fire trucks, from nearby communities, will also participate in the parade.

The Rev. Robert Plastow, pastor of the Orland Park Methodist church, will give the invocation and preside over the dedication of the building.

The fireworks display will begin when it is sufficiently dark.

from high school in 1901. He attended the University of Minnesota for two years.

"I never made money enough so I could afford to go to the city," Dr. Hedges remarked yesterday.

He stayed at a hotel when he first came to Frankfort but by the time he had fully recovered his health he found that he was in full agreement with Dr. Stearn and that Frankfort was a good place to be. He then purchased the house that was to serve him as home and office until Hedges clinic came into being in 1941. Then the house became a part of the clinic.

Dr. Hedges recalled that for many years a horse and buggy served him as his means of locomotion for his rounds. He covered a large territory, Frankfort, New Lenox, Green Garden townships and sometimes his calls took him to Peotone, Tinley Park and other neighboring communities.

The automobile and the modernized telephone helped but by 1941 his practice had grown to such proportions that he could no longer keep up with it by himself. Thus the clinic idea was born.

Dr. Hedges no longer makes his rounds. There are four doctors at the clinic who now serve the territory and there are two dentists who also have offices in the clinic.

Altho tomorrow is the actual date for his 50th anniversary as a physician and surgeon, Dr. and Mrs. Hedges were guests of honor at a dinner given them Wednesday night by his associates and some of his close friends.

The dinner was at Lincoln Heights restaurant, Chicago Heights, and the guest list, besides Dr. and Mrs. Hedges and their two sons, Allen and Rodger, included, Dr. and Mrs. Claude Otto, Dr. and Mrs. Merle Otto, Dr. and Mrs. Otto Novota, Dr. and Mrs. Irving Rudman, all of Frankfort, Dr. James Lambert, Joliet, Dr. and Mrs. E. G. McMahon, Mokena, Dr. and Mrs. W. H. Cave, of Henderson, Ky., Mr. and Mrs. Walter Herschbach, Mr. and Mrs. George Lloyd and Mr. and Mrs. Richard Vance, all of Joliet; Mr. and Mrs. Frank Novak and Mr. and Mrs. Howard Osmus, of Frankfort.

Dr. Hedges also received messages from former members of the clinic family, Dr. and Mrs. John Cummings, of Green Hills, Ohio, and Dr. and Mrs. Ray Hiroshige, of Honolulu, expressing regret they were unable to be present.

Aug. 2 Election Date for Homer Fire District

County Judge John C. Cowing, of Will county, has set Aug. 2 as the date for the election to determine whether a fire protection district is to be established for that portion of Homer township lying south of 143rd street.

The Homer town hall will be used as the polling place and will be open from 6 a.m. to 6 p.m., central daylight saving time.

The ballot is a simple one, as illustrated here:

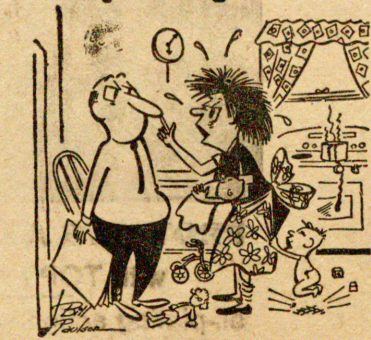

For Fire Protection District

Against Fire Protection District

The proposed Homer Fire Protection District is made up of the area bounded on the east by the Will-Cook county road, on the west by the Lockport township line, on the south by the New Lenox township line and on the north by 143rd st. It includes all but 11 sections of Homer township, six of which are already in the northern Homer fire protection district.

J. Hinton Massey is attorney for the proponents of the district.

Palos Presbyterian Church Hires Full-Time Secretary

Mrs. Frank H. Bischoff has just completed four years of service as church secretary of the Palos Park Presbyterian Community Church. Mrs. Bischoff has served as part-time secretary, maintaining morning office hours at the church.

The session and the board of trustees have expressed their appreciation to her for the development of an office procedure. The church has grown from 275 members to 625 members during her service at the church. Mrs. Bischoff has been responsible for the church calendar as well as the usual secretarial duties during this time.

The church has now grown to the point where a full-time secretary is needed. Mrs. Hudson Reeves of LaGrange has accepted the invitation to serve in that capacity. Prior to her coming to Palos Park she served as the pastor's secretary at the Moreland Presbyterian Church of Portland, Ore.

Ryan to Give Party for Oak Forest Patients

The Cook county commissioners' annual party for the patients at Oak Forest hospital will be held Wednesday afternoon, July 9 on the grounds at 159th and Cicero.

Dan Ryan, president of the county board, will be the host. This year he has requested Oak Forest hospital chief dietitian, Enid Miner to brew up a tasty punch, as a change from the usual lemonade. Ryan has also ordered ice cream bars, perennial summer favorite. Diabetic ice cream will be served to both ambulatory and bedfast patients requiring it.

Eleanor Frigo, Roseland dancing teacher, is rehearsing another fine show which will be presented the day of the commissioners' party, on the grounds' stage; either indoors or under the trees, as weather permits.

Thru the courtesy of Carl Baumann, vice president of Chicago Federation of Musicians Local 10, a 10-piece orchestra will play on the grounds during the afternoon.

He is also sending a five man combo to the lawn party at the TB section, and two sets of strollers will entertain inside at both TB and the long term illness sections of the hospital.

Business and Finance

By MAURICE P. ANGLAND

A recent subject of this column was the old market adage "never fight the tape" even tho some of the day-to-day dopesters predict a rising or falling market as to sales and prices as time of transaction on the floor of the exchange

Business men associated with particular businesses with which they are closely connected, will buy or sell securities of the particular firms at prices they think right for the particular firms. When a majority of the individual stocks are in demand, the market will be generally said to be rising and the reverse when there are more sellers than buyers. On any given day when the market is reported to be falling, a close inspection will show quite a number to be going in the opposite direction.

The Dow Jones averages, unless otherwise stated, usually refer to the 30 industrial stocks which were selected many years ago as stocks whose composite market action would be representative of market action as a whole. The Dow Jones averages are a part of the news service which has been sold to newspapers and financial institutions for many years.

Most investment men know that the Dow Jones averages do not represent the general market action from day to day. The Dow Jones news service is, however, the service used and would not be as simple to add another news service. Dow Jones is also associated with the Wall Street Journal and it is somewhat unlikely that the Wall Street Journal would add in publicizing another such news service to any major extent.

One of the leading Mutual Funds has recently made a comparison of the several industrial averages used generally—Dow Jones used for the most—during the past ten years.

Ten Year Records

% Change
Dow Jonesplus 140.5%
Standard & Poor's plus 182.3%
Moody's Indust'splus 171.2%
New York Timeplus 137.3%
The new Standard & Poor averages which use 500 stocks for an index, will slowly become popular, but the present lack of availability in most brokerage offices, makes its use by newspapers generally, unlikely at this time. The movement of stock averages in anyone day, will be too small to warrant headlines. Its movement up and down is in pennies rather than dollars. Certainly 500 stocks are more representative than 30 stocks. Electronic computers made this new index possible.

As noted the Dow Jones Index shows the ten year record to be an increase of 140.5 per cent. As an example of the fact that individual stocks act as according to their own particular situations without regard to an index, there are listed below, the five top performers in the past ten years and the five poorest performers among those stocks making up the Dow Jones Industrial Index.

Expect 100,000 Shriners at 84th Conclave in Chicago July 12-17

About 100,000 Shriners with their families will be in Chicago, July 12 to 17, for the 84th imperial council session of the Ancient Arabic Order of the Nobles of the Mystic Shrine for North America.

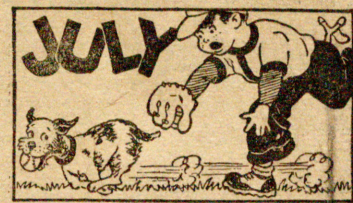

This group is the fun group for all Masons. But behind the gaiety is the total support and progress of the 17 world-famous Shriners hospitals for crippled children; the Chicago unit is located at 2211 North Oak Park ave.

Two tremendous parades down Chicago's beautiful Michigan avenue on July 15 and 17, plus a Medinah Temple show and dance on July 16 will highlight the public's interest. The parades will climax with 6-hour shows in Soldier Field, but the director general of the annual meeting, James W. Hilton, Medinah's Potentate, says the shows will be cut to four hours. Tickets for reserved sections are available at Medinah Temple, 600 N. Wabash.

Preparations to protect the hundreds of thousands of spectators along Michigan avenue from 9:30 a.m. on Tuesday, and from 7:30 p.m. on Thursday when the parades begin, are being handled with the utmost detail for police and medical protection. Families are urged, however, to purchase tickets and see the complete parade show in Soldier Field—18,000 marchers and performers, horses, donkeys, and camels. Arthur Godfrey and his famous horse "Goldie" will personally appear in Soldier Field on Tuesday.

ICC Approves Gas Co. Pilot Storage Field

The Illinois commerce commission has approved Northern Illinois Gas Company's plans to develop an underground storage field on a pilot basis at Troy Grove.

Preliminary development of the storage reservoir by Northern Illinois Gas follows months of geological studies and numerous test drillings near the intersection of U. S. Routes 51 and 52 between Mendota and LaSalle (Ill.). If the pilot operation is successful, indications are that porous sandstone formations about 1,400 feet below the surface may prove suitable when fully developed to store about 8 billion cubic feet of gas for eventual use by customers on winter days.

E. D. Sheehan, the utility's vice president in charge of operations, said that the company hoped to begin injections of natural gas on a test basis just as soon as necessary compressor and other facilities are installed.

He emphasized it would be at least a year before the company could be assured that the Troy Grove structure might serve as a storage reservoir.

"If all tests we plan to make in our pilot installation bear out preliminary findings, this underground gas storage pro-

One of the dailies carried a story last week from the American Medical Association convention at San Francisco in which a doctor who was doubling in brass as a speaker declared that one of the things wrong with Americans today was that too many wanted something for nothing.

Something must be done to curb this tendency, the good doctor said, and he urged his confreres to do their part to this end.

The good doctor certainly was in the right place for such a pitch. Offhand we can't think of any group better fitted to disabuse the public of the idea that most things in life are free than members of the A.M.A.

Unless of course, you bring hospitals into the picture.

Jeff Throckmorton points out that a lot of sewage has run under the bridge since Tinley Park began talking about putting in sewers.

Carl Helm, who formerly was editor of the Industrial Press Service of the National Association of Manufacturers, is now retired and is living at South Bend. His service included the amusing as well as the serious and Mr. Helm himself was a pretty fair man with verse, some of it being poetry. It is to be hoped that while retired he will continue to write.

Some of the items that appeared in his service were written by others. We cull one but whether built by Mr. Helm or the world famous Anonymous, we cannot say—but here it is:

"Amusing are the people who Oblige to stop and tie a shoe

Are worried by the queer sensation That someone's back in punt formation."

The Will county highway department announced in the spring that Francis road would be blacktopped sometime this summer between Cedar road at New Lenox and Mokena.

The base for the unpaved section was put in last summer and is in good condition now for blacktopping. It is dusty tho, adjectively and upper case—\$-*\$&@ DUSTY.

mer and is in good condition now for blacktopping. It is dusty tho, adjectively and upper case—\$-*\$&@ DUSTY.

People who live along this four mile stretch of dust which is being constantly stirred by passing cars fervently hope the state and county will get the road covered soon. If they have to breathe rock dust much longer they probably will come down with silicosis.

Any of our readers who happen to have steam locomotives are advised to store them away for a rainy day. Steam locomotives which played a major part in the building up of this nation and were once seen everywhere in the country where a railroad

ran, are quite a rarity these days.

Raymond Pieper, village attorney for Orland Park, whose hobby is railroading, is going to Canada on his vacation this month. Most persons who go to Canada at this time of year plan to fish or visit historical and scenic spots. Not Ray. He is going to Canada to look at steam locomotives and watch them in operation.

Canada, according to Mr. Pieper, is the last stronghold of steam locomotives in North America. There may be some of the narrow gauge donkey breed operating in out-of-way spots in the United States but the steam locomotive has been replaced by the diesel on all railroads here, he says.

TO THE VALUED PATRONS OF THE

WABASH COMMUTER TRAINS

We have unpleasant news—for which there is no sugar coating. Last Monday we filed with the Illinois Public Service Commission for a fare increase to become effective August 1, 1958.

The fare increase (the first requested since 1949) will not make Wabash rich. On the contrary, this run has been losing many thousands of dollars a year, and the increased revenue would still fall far short of meeting out-of-pocket expenses of providing this commuter service.

We are asking to increase the one-

way coach fare between all stations from Chicago to Orland Park from 2.75¢ to 3.6¢ per mile, with a minimum fare of 30¢ instead of the present 25¢. We will provide 10 and 25 ride multiple bearer tickets, and discontinue the 46 and 54 ride tickets. The 10 ride ticket is the equivalent of 5 round-trip coach fares, and the 25 ride is based on 11 1/2 round-trip coach fares.

It is natural that you will consider any increase as irksome and a burden. But we are sure you will understand we cannot operate today on a 1949 income.
